Andrew P. on 18/02/2019 "I got the book for my sons 17th birthday which was after Christmas and I was unsure how to go about trying to send it to Australia. It came through with no problems and he loved it. H. On 01/03/2019 "I received this book as a gift and since I have just re-started my career as a Clinical Psychologist (psycho-education of rape victims) I am enjoying this book very much. I have enjoyed reading this book and look forward to reading more in the future. D. On 01/03/2019 "Bought this book at a discounted price to supplement the text book that is used in the insurance industry in Australia. More suitable for technicians and engineers rather than the textbook and in conjunction with the amount of equipment I have I like the combination. Very happy with my purchase. C. On 01/03/2019 "This book has lots of interesting information, especially sections on the topic that I am interested in. The style is well written and easy to read. Overall, I am extremely pleased with this book. It is well produced." Serotypes of Mycobacterium leprae in India: a possible explanation for the confusing type pattern. The present study was carried out to analyze the role of human immunodeficiency virus (HIV) in the epidemiology of leprosy in India. A large study group composed of newly diagnosed cases and patients with known duration of the disease was taken for serologic diagnosis of human leukocyte antigen (HLA
