The day has been very special to Rohan for the entire week. He was given the opportunity to decorate his father's room with his own choice and such choice the above pic has been taken ( in the car the next day ). Now that he will be confined to his room, Rohan will be able to hang out with his father every night. And the first time this happened was way back when Rohan was giving his father's old wallet back. Consequently this day has been good to Rohan. His father is inside the house and his father is also not bowling. But I guess he may do that sometime soon. Rohan wanted to surprise his father by making his room look just like his mom's. Today Rohan wants to sit beside his dad. In the first ten minutes Rohan has sat beside his father. Rohan has talked to his father, he had given him a toy. Rohan's father was bewildered. He could not fathom what was going on. But Rohan has been explaining to him. Rohan's father then asks Rohan why has he made his room to look like his mom's. Rohan tells him that he wants to surprise his father. He tells his father that he has given him a present. Rohan shows him the toy. His father is in a state of shock. Rohan's father is happy to see that Rohan has given him a present. Rohan tells him that he would have given him a kiss too but he was not allowed to do that. Rohan tells his father not to feel bad that he would not be able to give him a hug till further. Rohan's father smiles. Rohan says that he has told his mom that he would be giving his dad a surprise. Rohan's dad tells his son not to tell the person that he is going to get his present done today. Rohan says that he would not. Rohan tells his father that his mom is going to drop him outside. Then Rohan will go and tell his mom that he has brought a present for his dad. Rohan's father is always at work 3da54e8ca3
